Cybersecurity  
compliance challenges  
**SMEs must overcome**

# Budget constraints

**Challenge:** Difficulties in allocating funds for compliance consultants, tools, software, etc.

**Solution:** Prioritize spending on essential security needs and leverage cost-effective cybersecurity tools.

# Limited workforce

**Challenge:** Lack of a dedicated team for handling compliance tasks effectively.

**Solution:** Equip existing staff with the skills needed to manage compliance tasks alongside their primary roles.

# Limited expertise

**Challenge:** Lack of knowledge required to implement cybersecurity compliance measures effectively.

**Solution:** Create opportunities for employees to access targeted training essential for cybersecurity compliance.

**Make your workforce  
cyber resilient**

**security<sup>®</sup>  
quotient.**
